DCGI EXEMPTS LOW-RISK DRUGS FROM PRIOR BIOEQUIVALENCE NOD

Regulatory easing to open generic drug floodgates

MANU KAUSHIK
New Delhi, July 17

THE CENTRAL DRUG regulator has removed a key hurdle for the domestic generic drug launches by exempting nearly half of all low-risk bioequivalence (BE) studies from prior approval. The move has eliminated around 3,000 No Objection Certificates (NOCs) annually, based on the current spate of applications from drugmakers.

BE studies are critical to develop generic drugs as they have same effect as the innovator drug. They are a mandatory step in generics development. At the FE Healthcare Summit & Awards 2026 in New Delhi on Friday, the Drugs Controller General of India (DCGI) Rajeev Raghuvanshi said that by replacing the approval regime with a simple intimation process, the regulator has shortened the drug development timelines, reduced uncertainty for pharma companies and contract research organisations (CROs), and freed up regulatory resources for crucial oversight activities.

“There was no value addition by the regulator in many of these permissions. So, we have freed almost 50% of these bioequivalence studies from prior approval. It helps the industry and also frees our resources to do much more value-added

LOW REGULATORY ANXIETY

■ The move has eliminated around **3,000** No Objection Certificates (NOCs) annually

■ BE studies are critical to develop generic drugs as they have same effect as the innovator drug

■ Govt has also approved creation of **1,500** additional posts in CDSCO

RAJEEV RAGHUVANSHI,
DRUGS CONTROLLER GENERAL OF INDIA (DCGI)

Every company whose product is declared ‘Not of Standard Quality’ (NSQ) receives a CAPA notice

work,” Raghuvanshi said. Besides bioequivalence studies, companies carrying out R&D and pre-clinical drug development no longer require prior approval from Central Drugs Standard Control Organisation (CDSCO) and only need to notify the regulator before commencing research. According to Raghuvanshi, the changes are intended to reduce what he described as “regulatory anxiety” among innovators while maintaining oversight where it matters. “We are trying to solve the problem of regulatory anxiety. Till the companies go for first human testing, they don’t need to come to the regulator,” he said.

The regulator said that it has digitised 99% of its processes and is developing an integrated

end-to-end digital platform linking the different components of value chain — such as CDSCO, state drugs regulators, manufacturers and retailers — with the first phase of the project expected to become operational within the next 18 months.

Raghuvanshi also rejected the perception that regulation hampers innovation. He argued that a credible regulatory framework is essential for domestically-produced medicines to compete globally. “It looks like a roadblock, but it is essential for our international acceptability. Products coming through a robust regulatory system have easier access to the international markets,” the regulator said.

Even as CDSCO has reduced the compliance burden on drug-makers, it is tightening post-

market surveillance at the same time. The regulator now publishes around 200 ‘Not of Standard Quality’ (NSQ) drug alerts every month and issues Corrective and Preventive Action (CAPA) notices to manufacturers whose products fail quality tests. Companies are required to identify the root cause of the quality failure and implement corrective measures before regulatory restrictions are lifted.

“Every company whose product is declared NSQ receives a CAPA notice. They have to identify the problem, correct it, and satisfy the regulator before the suspension is removed,” Raghuvanshi said.

Ayushman Bharat slashed out-of-pocket expenses to 49%: Minister

MANU KAUSHIK
New Delhi, July 17

UNION MINISTER OF State for Health and Family Welfare Anupriya Patel on Friday said the government’s efforts to translate universal health coverage into reality are delivering results with the rapid expansion of healthcare initiatives. At the FE Healthcare Summit & Awards 2026, Patel said that the Centre’s flagship scheme Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB-PMJAY) has provided institutional care to over 120 million beneficiaries, backed by government spending of ₹1.82 lakh crore. The scheme now covers around 1,961 procedures in the health benefit package, and has helped reduce out-of-pocket health expenditure from 64% to 49%.

Patel said India’s digital health ecosystem has expanded rapidly, with over 950 million ABHA (Ayushman Bharat Health Account)

accounts created and over 1 billion health records linked digitally. Over 1 million doctors have registered on the Ayushman Bharat Digital Mission platform, while 124,000 Ayushman Arogya Mandirs are conducting one of the world’s largest screening programmes for diabetes, hypertension and common cancers, she added.

EPFO reform: Govt works on new pension plan for all

RAVI DUTTA MISHRA & AANCHAL MAGAZINE
New Delhi, July 17

THE GOVERNMENT IS working on a new contributory pension scheme for unorganised and formal sector workers that would accumulate contributions over time, and be invested in long-term government-backed securities, with annual crediting of interest. At the age of 60 years, the scheme may allow the proposed “Target Retirement Sum (TRS)” to be converted into pension, based on prevailing annuity and interest rates, a senior government official said.

The scheme, part of the 3.0 reforms phase of the retirement fund body Employees’ Provident Fund Organisation (EPFO), will cover existing members and those excluded from the Employees’ Pension Scheme (EPS). It is likely to adopt a defined contribution framework and allow contributions from multiple sources: workers themselves, employers, government co-contributions for workers in the lower wage segment, aggregators in the case of gig and platform workers, and corporate social responsibility or third-party funds, the officials said.

The EPFO proposes to give the flexibility to the worker at the age of 55 years to decide the purpose for his or her retirement savings. “Till that time, it will operate like PF, you keep on accumulating. At that stage

Dispute settlement scheme unveiled

THE EPFO HAS launched “VISHWAS, 2026”, a one-time initiative for settlement of disputes relating to levy of damages or penalties through a digital and time-bound process. The scheme was notified on June 29 and will remain operational for six

months. “VISHWAS, 2026 has been introduced with the objective of promoting voluntary compliance, reducing litigation, and enabling speedy resolution of long-pending disputes relating to penalty/damages,” the labour ministry said. —FE BUREAU

Under the proposed pension plan, each member will have an individual pension

account. “The system will compute the proposed Target Retirement Sum (TRS) dynamically based on the member’s chosen pension goal and expected retirement age,” another official said.

India moved from ‘phone banking’ to people-centric credit system: FM

FE BUREAU
New Delhi, July 17

INDIA HAS TRANSITIONED from the era of “phone banking” to a people-centric credit system, where loans are extended to deserving beneficiaries on merit, Finance Minister Nirmala Sitharaman said on Friday.

The finance minister was speaking at Credit Outreach Programme in Andhra

Pradesh’s Palnadu district, where she disbursed over ₹3,216 crore loans to more than 100,000 beneficiaries.

“When I discussed this with PM Modi, he envisioned a Government-backed Credit Guarantee framework to make affordable institutional credit accessible,” she said.

“Today, vendors, artisans, fishermen and farmers can access formal finance with dignity. Under his leadership, banks have also been encouraged to go to the people, not wait for people to come to them.”

The finance minister said the Modi government had reshaped India’s banking landscape since 2014 by

expanding financial inclusion while strengthening the banking system.

“We have worked to advance this vision by strengthening financial inclusion alongside a healthier banking system. Through the Credit Guarantee framework, we have enabled first-time entrepreneurs and street vendors to access institutional credit. A stronger banking system now serves those who need it most.”

Parliament to take up FCRA, MSME reforms

New Delhi, July 17

The government has listed five new Bills for the session, which will begin on July 20

authority to take charge of foreign contributions and assets if an organisation’s FCRA registration is cancelled, surrendered or lapses. In such cases, assets created using foreign funds may be taken over, managed or disposed of by the authority in accordance with prescribed rules, replacing the current system that lacks a structured mechanism for handling such situations.

The Income-Tax (Amendment) Bill, 2026, will replace the ordinance promulgated on June 5 to provide tax relief to foreign portfolio investors (FPIs). The measure grants a retrospective exemption, effective April 1, 2026, from taxes on capital gains and interest income earned from investments in government securities. Earlier, FPIs were subject to a 30% tax on short-term capital gains, a 12.5% tax on long-term capital gains and a 20% tax on interest income—levies that had remained a key deterrent even after India’s inclusion in major global bond indices.

The government has listed five new bills for the session, which concludes on August 13. These include the Micro, Small and Medium Enterprises Development (Amendment) Bill, 2026, aimed at aligning the MSME Development Act, 2006, with the sector’s evolving needs.

The Foreign Contribution (Regulation) Amendment Bill, 2026, seeks to strengthen the framework governing how Indian entities, individuals and NGOs receive, utilise and create assets from foreign contributions. A key provision of the Bill is the creation of a designated
