Dear Sir/Madam,

Sub: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015- Press Release

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are enclosing herewith a copy of Press Release issued by the Company in respect its Strategic Entry into the Wind Energy Equipment Rental segment.

The press release is also being made available on the website of the Company i.e. www.trishakti.com

Kindly acknowledge and take the same on records.

Thanking You,

Yours Faithfully,
For **Trishakti Industries Limited**

Dhruv Jhanwar
Director (DIN: 08884131)

Trishakti Industries Reports Strong FY26 Performance; Announces Strategic Entry into the Wind Energy Equipment Rental Segment

Kolkata, India - July 22st, 2026: Trishakti Industries Limited (BSE: 531279), one of India's rapidly growing infrastructure equipment rental companies, today announced its financial results for **Q1FY27**, marking a transformational year for the Company with robust operational growth, significant fleet expansion and a strategic roadmap to participate in India's renewable energy infrastructure boom.

During Q1FY27, the Company delivered strong growth across its business, driven by continued demand from infrastructure, steel, industrial and energy sectors. The Company significantly expanded its fleet, strengthened customer relationships and continued to execute its long-term strategy of building one of India's leading specialized equipment rental platforms.

As India's renewable energy sector continues to evolve, the **wind energy industry** is rapidly transitioning towards taller, higher-capacity wind turbines with increased hub heights and larger rotor diameters. This evolution has created demand for a new class of specialized heavy-lift equipment, particularly **900-tonne cranes**, required for the installation of next-generation wind turbines.

Recognizing this emerging opportunity, Trishakti Industries has decided to strategically expand into the wind energy equipment rental segment. The Company intends to develop capabilities in this specialized category, positioning itself to participate in one of India's fastest-growing infrastructure and renewable energy markets.

The Company's expansion into wind energy represents a natural extension of its heavy equipment rental business and aligns with its strategy of entering high-value, specialized equipment categories with strong long-term demand and high barriers to entry.

Industry Outlook :

India's continued investment in infrastructure, manufacturing and renewable energy provides significant long-term opportunities for specialized equipment rental companies. Trishakti Industries remains focused on expanding its fleet, diversifying into high-growth segments and strengthening its leadership position through disciplined growth and operational excellence.

India's wind energy sector alone presents a significant total addressable market, with installed capacity targeted to 8x from ~13 GW to 100 GW between FY25 and FY30, backed by strong government policy support.

Management Perspective :

Mr. Dhruv Jhanwar, Chief Executive Officer of Trishakti Industries Limited, stated, "FY26 has been a defining year for Trishakti Industries as we continued to scale our operations and strengthen our position in the specialized equipment rental industry. Looking ahead, we believe India's renewable energy transition presents a compelling long-term opportunity. The industry's shift towards larger and taller wind turbines has opened a new market requiring specialized 900-tonne lifting solutions. We intend to build our capabilities in this segment while maintaining our disciplined approach towards capital allocation, operational excellence and long-term shareholder value creation."

The Company will evaluate investment opportunities, customer demand and deployment plans as part of its expansion strategy and will make further announcements as material developments occur, in accordance with applicable regulatory requirements.

About Trishakti Industries Limited :

Trishakti Industries Limited is a BSE-listed infrastructure equipment rental company engaged in providing specialized heavy equipment solutions for infrastructure, steel, industrial, renewable energy and large-scale construction projects across India. The Company continues to expand its fleet and capabilities to support India's rapidly growing infrastructure and industrial ecosystem.
