*Exceptional Item Insurance Claim of Rs 2.29 Crore Excluded

Q1 FY27 Key Performance Highlights:

- Revenue from operations was at Rs. 256 Cr, compared with Rs. 282 Cr in Q1 FY26 showing a decline of 9.2% primarily due to softer demand of Company's Herbicide, Pretilachlor
- Export sales increased marginally to Rs. 89 Cr in Q1 FY27 compared with Rs. 87 Cr in Q1 FY26, supported by stable international demand
- EBITDA was at Rs. 39 Cr, with an EBITDA margin of 15.4% in Q1 FY27, compared with Rs. 52 Cr and 18.4%, respectively, in Q1 FY26
- Profit Before Tax (PBT) was Rs. 31 Cr, representing a margin of 12.2%
- Profit After Tax (PAT) was at Rs. 23 Cr, with a PAT margin of 8.9%, compared with Rs. 35 crore and 12.3%, respectively, in Q1 FY26

India Pesticides Limited

Water Works Road, Aishbagh, Lucknow - 226004, Uttar Pradesh, India

Tel: +91-522-2653602, 2653603, 2653622, 4041014; Fax: +91-522-2653610; Email: info@indiapesticideslimited.com

- Other Expenses includes Job work processing charges which has increased to Rs. 14 Cr (Rs. 8 Cr in Q1 FY26) due to higher job-work conversion volumes and an increase in processing rates per kg
- Mr. Dheeraj Kumar Jain, CEO, has been conferred the Lifetime Achievement Award by the PMFAI Agribusiness Foundation

Commenting on the performance, Mr. Dheeraj Kumar Jain, Chief Executive Officer said:

"We commenced FY27 amid a challenging operating environment in the domestic agrochemical market. Revenue from Operations was at Rs. 256 crores, while EBITDA was at Rs. 39 crores with an EBITDA margin of 15.4%. Softer demand for the Company's key herbicide, Pretilachlor, impacted domestic sales during the quarter, while export sales remained stable. Higher employee and fuel costs, along with elevated channel inventory, impacted profitability. However, the Company continued to focus on operational efficiency, cost management, and disciplined execution.

During the quarter, we achieved an important milestone with the receipt of Technical Equivalence (TEQ) approval from the European Union for one of our fungicide products. This approval strengthens our presence in international markets, enhances our ability to serve global customers, and creates opportunities for expanding our export business. This achievement reflects our continued focus on innovation, product development, and strengthening our position as a trusted partner in the global agrochemical industry.

Sustainability and community development continue to be an important part of IPL's growth journey. Through our CSR initiatives, we remain committed to supporting farmers, strengthening rural communities, and promoting sustainable practices. Our initiatives such as "Samagra Sudhar" and "Chuppi Tod; Halla Bol" continue to create meaningful impact through rural development, awareness programs, education support and child welfare initiatives. We believe responsible growth goes beyond business performance.

Looking ahead, we remain confident in our growth prospects, supported by improving demand across domestic and export markets, favourable agricultural conditions, and continued focus on operational efficiencies. We will continue to strengthen our product portfolio, expand our international presence, and enhance our manufacturing capabilities. With an integrated value chain, strong customer relationships, and a commitment to innovation and excellence, we believe IPL is well positioned to deliver sustainable growth and create long-term value for all stakeholders."

About India Pesticides Limited:

Founded in 1984, India Pesticides Limited is an R&D-driven chemical manufacturer engaged in producing agrochemical technicals, active pharmaceutical ingredients, and branded formulations for diverse agricultural applications. The company offers an extensive portfolio of herbicides, fungicides, insecticides, and intermediates, supplying products across more than 25 countries while maintaining compliance with global quality standards. Its manufacturing operations are strategically located at facilities in Lucknow and Hardoi districts of Uttar Pradesh, supported by two in-house research and development centers registered with the Department of Scientific and Industrial Research. With capabilities to design, test, and commercialize complex off-patent molecules in a cost-effective and environmentally responsible manner, India Pesticides Limited has built trusted relationships with domestic and international customers. The company continues to prioritize backward integration, capacity expansion, and product innovation to strengthen its leadership in technical-grade products. Its growth strategy emphasizes reducing import dependencies, leveraging a strong management team, and advancing its manufacturing and operational frameworks to align with India's Aatma Nirbhar Bharat initiative while delivering sustainable value to stakeholders.
