Dear Sir/ Ma'am,

Sub: Investor Presentation in connection with the Un-audited Financial Results for quarter ended 30th June, 2026.

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended, please find enclosed a copy of the Investor Presentation in connection with the Un-audited Financial Results of the Company for the quarter ended 30th June, 2026.

The above information is also available on the website of the Company www.indiapesticideslimited.com

Kindly take the above on your record.

Thanking you,

Yours Faithfully

For India Pesticides Limited

(Narendra Ojha)

¹ FY2026 Effective Utilisation

Leading Technical Partner for Global Agrochem Companies: R&D and Project Engineering Supporting Cashflow and Returns

1

Highly specialized carbamate chemistry coupled with Technical production at scale (28,200 MTPA), enables IPL to rank among the top three global producers of certain Technicals for agrochemical formulators

2

Entrenched and repeat worldwide MNC customer relationships reflected in exports consistently representing approx. 40% of Revenues. IPL is also often the sole manufacturer of selected Technicals in India

3

Not only a core supplier to Indian agrochemical companies directly but also their international subsidiaries. Exports directly to end agrochemical formulators, as opposed to local distributors / agents

4

Formulations business (10,000 MTPA) leverages inhouse Technical products and expertise, with an established route to market accessing India's farmer community. Over 370 sales team operating across 18 states and 6 zonal offices

5

Inhouse R&D, with expertise and capabilities established over 20 years, forms the core building block of the niche molecule Technical portfolio and future product pipeline

6

Inhouse Project Engineering enables the commissioning of block / plants facilities in shorter timelines and at a lower cost compared with industry peers

7

Combination of R&D and Project Engineering enables IPL to continuously innovate and commercially scale up, while meeting customer requirements in a dynamic industry. Enhanced return ratios given efficient capital and asset utilization

8

Hamirpur facility undergoing development with central infrastructure support along with two out of ten operating blocks currently operational. Provides a clear pathway for capacity expansion (30,000 MTPA) and incremental revenues

9

Backward integration of key intermediates, particularly away from China, to reduce reliance on imports and improve cost efficiencies. Sustaining HSE and ESG standards meeting expectations of global customers

10

Experienced management team ensures continuity in strategy, operational excellence and deep client relationships. Complete focus on operating cashflow generation and consistent growth with sustainable margins

Leading global market positioning in selected agrochem Technicals

Inhouse R&D and Project Engineering allow capex optimisation

Hamirpur facility provides clear pathway for 30,000 MTPA

Backward integration of intermediates and process optimisation

Shareholder value creation based on operating cashflows

Management Commentary

"We commenced FY27 amid a challenging operating environment in the domestic agrochemical market. Revenue from Operations was at Rs. 256 crores, while EBITDA was at Rs. 39 crores with an EBITDA margin of 15.4%. Softer demand for the Company's key herbicide, Pretilachlor, impacted domestic sales during the quarter, while export sales remained stable. Higher employee and fuel costs, along with elevated channel inventory, impacted profitability. However, the Company continued to focus on operational efficiency, cost management, and disciplined execution.

During the quarter, we achieved an important milestone with the receipt of Technical Equivalence (TEQ) approval from the European Union for one of our fungicide products. This approval strengthens our presence in international markets, enhances our ability to serve global customers, and creates opportunities for expanding our export business. This achievement reflects our continued focus on innovation, product development, and strengthening our position as a trusted partner in the global agrochemical industry.

Sustainability and community development continue to be an important part of IPL's growth journey. Through our CSR initiatives, we remain committed to supporting farmers, strengthening rural communities, and promoting sustainable practices. Our initiatives such as "Samagra Sudhar" and "Chuppi Tod; Halla Bol" continue to create meaningful impact through rural development, awareness programs, education support and child welfare initiatives. We believe responsible growth goes beyond business performance.

Looking ahead, we remain confident in our growth prospects, supported by improving demand across domestic and export markets, favourable agricultural conditions, and continued focus on operational efficiencies. We will continue to strengthen our product portfolio, expand our international presence, and enhance our manufacturing capabilities. With an integrated value chain, strong customer relationships, and a commitment to innovation and excellence, we believe IPL is well positioned to deliver sustainable growth and create long-term value for all stakeholders."

Mr. Dheeraj Kumar Jain, Chief Executive Officer

Long term customer relationships developed over the years driven by quality product offerings

Key Customers

Revenue Contribution from Top 10 Customers

- Major customers include MNCs that look to collaborate with active ingredient manufacturers in India
- Customer relationships are led by the ability to manufacture complex off-patent Technicals in a cost effective, safe & environmentally conscious manner, in compliance with stringent quality specifications
- Longstanding relationships with 60+ international customers including Multinational customers
- Sales offtake agreement with existing customers to ensure peak utilization of expanded capacity
- Focus on enhancing customer base and reducing revenue concentration

Synergistic Growth Strategy Ensuring Optimised Capex

- Strong in-house R&D infrastructure with DSIR-recognized laboratories focused on process innovation, cost optimization and development of new molecules/intermediates
- R&D team comprises highly experienced scientists, chemists and technical professionals having extensive industry expertise in agrochemicals, intermediates and specialty chemicals
- Developed strong capabilities in process development from laboratory scale to pilot scale and commercial manufacturing scale, enabling faster commercialization of products
- Continuous focus on backward integration and process improvement has significantly enhanced operational efficiency and reduced dependency on external suppliers
- Successfully developed several cost-effective and environment-friendly manufacturing processes, resulting in better margins and improved competitiveness in domestic as well as export markets
- Strong R&D capabilities have enabled the Company to improve product yields, optimize raw material consumption and reduce manufacturing costs on a sustainable basis
- R&D efforts have also supported expansion into high-value agrochemicals & intermediates with backward integration and speciality chemicals, strengthening its market position in the industry
- R&D function plays a vital role in product registration support, technology absorption, process safety enhancement and development of import substitutes
- Continuously invests in innovation, process efficiency and new product development to maintain long-term growth and competitive advantage
- In-house R&D and technical expertise provide substantial cost advantages to the Company through process optimization, lower production cost, reduced wastage and recovering of wealth from waste, efficient utilization of resources

CEO, Mr. Dheeraj Kumar Jain, has been conferred the Lifetime Achievement Award by the PMFAI Agribusiness Foundation in recognition of his outstanding and enduring contribution to the agrochemical industry

Engagement with Farmers

Empowering Agriculture

India Pesticides Limited (IPL) has exemplified its commitment to the farming community by actively engaging with farmers through impactful campaigning and enthusiastic participation in Farmer's exhibitions.

Recognizing the crucial role farmers play in our society, IPL has undertaken several initiatives aimed at empowering and supporting the farming community. By fostering an environment of knowledge exchange, technology adoption, and sustainable practices, IPL is striving to contribute to the growth and prosperity of Indian agriculture

Our CSR Involvement

The reverberating motto of IPL's CSR is,
"Care the World with Care"
Our CSR Activities revolves around this belief

- Our products – Pesticides functions as medicines for plants by protecting them from their destruction. While helping our farmers on protecting their crop from available reducing land, we educate them too on, 'Careful & Correct Usage of Pesticides' through direct interactions with them

Among 17 UN-SDG (United Nations' 17 Sustainable Development Goals), IPL's CSR & CER Initiatives contribute to the nation by focusing on 7 Goals. We are committed to uphold our social responsibility with reverberating motto 'Care the World with Care'.

Samagra Sudhar

- Refurbishment of Aanganwadi centres, Skill Development for Aanganwadi workers, Upgradation of Schools, community centres & ponds, Set up of Computer Class Rooms, Women's Health Awareness Workshop, Careful Usage of Plastics, Upgradation of the WASH facilities along with awareness on importance of hygiene, Skill Development Programs, Installation of Solar Street Lights & Panels etc are a few various activities the project delivers
- IPL has adopted Four Villages near by where we operate at Sandila – in Hardoi District
- Our Project - "Samagra Sudhar" aims on sowing the "seed of sustainability" in future generation for a better tomorrow. We work closely with the community through our implementation partner
- Program is designed not only on infrastructural development but also creating awareness on circular economy

Chuppi Tod; Halla Bol

- Our Project - "Chuppi Tod ; Halla Bol" aims on spreading the awareness on POCSO Act among children, and adults
- We have established 6 Child Friendly Centres in selected 6 Police Stations in Uttar Pradesh – Hardoi Dehat, Kachauna, Sursa, Gorakhpur, Sahibabad and Shahjahanpur where impacted children are counselled and motivated for life ahead
- The project developed POCSO Training Module for the Blind Children and POCSO Cartoon Book, which are first of its kind in India

For more details, click on our company website CSR page: <https://bit.ly/3C2hm7J>

Environment Sustainability

- Our manufacturing sites are certified with **ISO 9001:2015, 14001:2015, 45001:2018 and 10002:2018** standard certifications ensuring **Quality, Environmental Management, Occupational Health and Safety and Customer Service Management**
- Maintaining **Green belt through Miyawaki, Utilization of Bio-Mass in Operation, and Usage of 6 MW Solar Power supply** at Sandila Unit as an alternative to electricity from grid

IPL's efforts in Waste Management, Reducing Carbon Emissions, and Promoting Energy Efficiency

Socially Responsible

- IPL's workplace that is devoid of all forms of discrimination with a comprehensive policy against Sexual Harassment. We promote candid conversations between employees and senior leadership
- Equipped more than **10 educational institutions in villages with Solar Panels** **9 villages with more than 108 Solar streetlights** and **Govt. Hospitals with diagnosing and surgical equipment** so that poor people get benefits at affordable price
- Encouraging young **normal and physically challenged sports aspirants** through conducting tournaments and sponsorship

IPL's focus on Human Rights, Labor Standards, and Corporate Social Responsibility that we uphold with the motto, *"Care the World with Care"*

Diversified Board Structure

- A **diverse board** for decision making, contribute to corporate success. Director nomination is evaluated by NRC solely on their qualifications, skills, experience, and alignment with the Organization's values and goals
- Scheduled engagement of **Risk Management Committee of Executives and Risk Management Committee of Directors**

IPL's leadership, Internal & External Audits, Internal controls on Process & Operations, Transparency & Ethical conduct, we sustain
