Telangana Ministers N. Uttam Kumar Reddy, Tummala Nageswara Rao and Jupally Krishna Rao, along with Chief Secretary Sangh Jaju, on Friday directed District Collectors to implement contingency crop plans and promote crop diversification in view of the prevailing El Niño conditions and the India

Metereological Department's (IMD) forecast of deficient rainfall. During a video conference with District Collectors from the Secretariat, the Ministers reviewed the State's preparedness to tackle possible rainfall deficiency and stressed the need for immediate implementation of contingency measures. Irrigation Minister Uttam urged Collec-

steps to discourage excessive dependence on publicly cultivated and sensitive farmers on water availability and the risks of growing water-intensive crops under deficient rainfall conditions. He directed district officials to conduct awareness programmes and encourage farmers to cultivate pulses, oilseeds, vegetables and horticultural crops as part of the State's crop diversification strategy. He also instructed that the contingency plan be implemented down to the mandal and village levels with close coordination among agriculture and allied departments. Agriculture Minister Tummalada directed Collectors to convene meetings of the District Irrigation Advisory Boards at the affected areas to discuss the contingency plan in reservoirs and irrigation projects and communicate the possibilities to farmers to help them plan crop cultivation accordingly. He stressed the need for close coordination

between the Agriculture and Irrigation departments for effective implementation of the contingency crop plan. During the meeting, Special Chief Secretary (Panchayat Raj) Dana Kishore briefed officials on the construction of integrated farm ponds through Self-Help Groups and urged collectors to expedite water conservation works. The implementation of the Vanamahatva programme was also reviewed. Civil Supplies Commissioner Stephen Ravindra informed the meeting that Chief Minister A. Revanthi Reddy would launch the Smart Rural Canal distribution programme. Singareddy on August 15, Panchayat Raj and Rural Development Special Chief Secretary Dana Kishore, Principal Secretary Ahmed Nadeem, Agriculture Secretary Surendra Mohan and other senior officials participated in the video conference.

St. Martin's High School, Chennai, celebrated the Telangana traditional festival of Bonam with great devotion and enthusiasm, highlighting the importance of preserving cultural heritage alongside academic learning. School Principal Mrs. Rohini Remella, along with coordinators and students, offered Bonam to Goddess Mahankali. The celebrations featured vibrant Pottaraja dances and lively Kalamam performances by students, creating a festive atmosphere on the school campus. Addressing the students, Principal Rohini Remella explained the significance of Bonam as a traditional offering made with devotion to Goddess Mahankali. She stressed the need

Telangana State Road Transport Corporation (TGSRTC) showcased its initiatives in sustainable and technology-driven public transport at the two-day IUTP India Bus Conference 2026, which concluded in New Delhi on Friday. TGSRTC Vice-Chairman and Managing Director Y Nagi Reddy, who participated in the conference as Guest of Honour, presented the corporation's reforms aimed at improving financial sustainability, operational efficiency and passenger services. He highlighted measures to expand the use of electric buses, strengthen digital passenger services and enhance the overall efficiency of public transport in Telangana. The international conference focused on developing an eco-friendly, technology-driven urban bus transport system, with discussions centred on electric bus operations, charging infrastructure, digital solutions and the use of Artificial Intelligence (AI) for predictive mobility, integration of metro, bus and auto services through the National Common Mobility Card (NCMC) and the MaaS 2.0 platform, and the introduction of Wi-Fi and digital ticketing for passengers. Participants also discussed strategies to achieve net-zero carbon emissions through 100 per cent electric bus fleets, financing through green bonds and low-interest loans and strengthening transport corporations through advertising, public-private partnerships and data monetisation. Future mobility concepts such as autonomous shuttles and urban air mobility also came up for discussion. Managing Directors of various State Road Transport Corporations, policymakers, international delegates, industry leaders and startup representatives attended.

digital payment systems and smart mobility solutions. Experts also deliberated on the use of Artificial Intelligence (AI) for predictive mobility, integration of metro, and auto services through the National Common Mobility Card (NCMC) and the MaaS 2.0 platform, and the introduction of Wi-Fi and digital ticketing for passengers. Participants also discussed strategies to achieve net-zero carbon emissions through 100 per cent electric bus fleets, financing through green bonds and low-interest loans, and strengthening transport corporations through advisory, public-private partnerships and data monetisation. Future mobility concept such as autonomous shuttles and urban air mobility also came up for discussion. Managing Directors of various State Road Transport Corporations, policymakers, international delegates, industry leaders and startup representatives attended.
