Meta apologises for taking down PM Modi’s post

AASHISH ARYAN
New Delhi, 5 August

Social media conglomerate Meta on Wednesday formally apologised for the erroneous takedown of Prime Minister Narendra Modi’s video addressing students and assured the government that, going forward, the company will be “extremely careful” when dealing with posts by prominent personalities with verified accounts.

“Iapologised to the minister on behalf of Meta for the error restricting PM Modi’s post”, Joel Kaplan, the chief global affairs officer at Meta, said in a statement after his meeting with Union Electronics and Information Technology Minister Ashwini Vaishnaw.

The late afternoon tense meeting between Vaishnaw and Kaplan lasted roughly 20 minutes, during which Meta’s team also explained the reasons behind the inadvertent takedown of Modi’s video post on Facebook in which he was

Members of the Meta delegation leaving the Meity office in New Delhi on Wednesday

PHOTO: PTI

addressing students who were protesting the leaking of the question papers for the National Eligibility Cum Entrance Test (NEET), according to sources. “They (Meta) explained that PM Modi’s post was inadvertently flagged by Meta’s internal AI (artificial intelligence) systems as a deepfake post, owing to the sudden surge in the number of visitors on the post. While it was taken down in error, the post was quickly restored,” a source who was

present in the meeting said. An email sent to Meta seeking its response on the issues raised in the meeting did not elicit any response.

Kaplan was accompanied by Neil Potts, the vice-president of public policy at Meta, Rafael Frankel, the head of Asia Pacific public policy at the firm, Aman Jain, head of public policy in India, and other senior executives.

Earlier in the day, Kaplan and his team also met the IT Ministry secretary, S Krishnan and other

senior officials. The early afternoon meeting, lasted about 45 minutes, during which the ministry officials questioned Meta executives on several aspects, such as the presence of Child Sexual Exploitative and Abuse Material (CSEAM), the takedown of Modi’s post, the presence and proliferation of deepfake content across various platforms of Meta, as well as the intermediary’s inaction on the issues raised by the Grievance Appellate Committee, sources said.

While media reports claimed that Meta founder Mark Zuckerberg has also apologised to the government, this could not be independently verified.

“They (Meta) agreed that there had been some gaps in their automated CSEAM monitoring and takedown systems and have agreed to further strengthen the number of people working on the issue,” a senior government official, present in both the meetings, said.

House panel on IT seeks Mark Zuckerberg’s apology

Aparliamentary panel on Wednesday gave Meta chief Mark Zuckerberg three days to apologise for the removal of Prime Minister Narendra Modi’s

video from Facebook and threatened to withdraw immunity if it was not done, a move that may lead to prosecution and registration of an FIR.

The parliamentary standing committee on information technology, headed by BJP MP Nishikant Dubey, also demanded action against

intermediary platforms that carry child sexual abuse material (CSEAM) and demeaning material against women.

Mohalla Tech to invest ₹100 cr for AI-led microdrama production

Mohalla Tech, the parent entity of platforms such as ShareChat, Moj and Quick TV, on Wednesday announced a commitment of ₹100 crore in the ongoing calendar year. With this, the company aims to build a pipeline of tech-enabled content having built an in-house deep-tech and AI-suite over the last few years. The investment will mark a significant ramp up in hiring but with the scaling of AI-assisted production workflows, it is expected to reduce overall production costs.

China deploys robots to patrol city parks

China has deployed 72 “robot employees” across Beijing’s municipal parks this summer to perform a range of tasks, including cleaning, patrolling, guiding visitors, detecting pests and discouraging inappropriate behaviour, official media reported on Wednesday. The robots have been assigned duties such as cleaning pathways, conducting patrols, providing guided tours, the state-run *Beijing Daily* reported.

Chhattisgarh to spend ₹500 cr on AI Mission

The Chhattisgarh cabinet on Wednesday approved the artificial intelligence (AI) Mission under which ₹500 crore will be spent over five years to promote good governance, new technologies, and digital economy. It gave nod for land allotment at a concessional rate to Bharat Earth Movers Limited for setting up the state’s first heavy earth moving equipment manufacturing plant, Deputy Chief Minister Arun Sao said.

River Mobility raises \$120 mn in Series-C funding

PEERZADA ABRAR
Bengaluru, 5 August

Bengaluru-based electric vehicle maker River Mobility has raised a \$120 Million Series-C funding round, comprising both equity and venture debt.

The oversubscribed round comprises equity led by Elev8 Venture Partners and Claypond Capital, Singularity AMC, Anicut Capital, 360 ONE Asset, JIF Capital and HDFC AMC. This round also saw participation from existing investors Yamaha Motor Corporation, Al Futtaim Group, Mitsui & Co. and venture debt firms Alteria Capital, Innoven Capital and Stride Ventures.

The fresh capital is intended to fund capacity expansion at the existing factory and the establishment of a new greenfield manufacturing facility. Funding would help in the launch of new products in the utility lifestyle segment, and initiatives to drive gross margin expansion

Aravind Mani, cofounder and CEO, River Mobility

and Ebitda profitability. “The confidence shown by both our existing and new investors reinforces our belief that there is tremendous opportunity to build India’s first utility and design-based mobility brand,” said Aravind Mani, cofounder and chief executive officer, River Mobility.

Since launching the electric scooter River Indie in 2023, the firm has established itself as a differentiated player in India’s electric two-wheeler market by building utility-first products designed specifically for Indian consumers.
